

Amphenol's black plastic "slim" backshell saves space when multiple cables will be attached in crowded areas. Sizes E through C backshells measure only .591" in depth.

The one-piece design allows the hood halves to be snapped together easily saving time and money. Insulated plastic tops on the jackscrews prevent accidental contact with ground.

Specifications:

- Housing Material: Polyamid, UL recognized
- Jackscrews: UNC 4-40, metal screws with plastic tops
- Cable Clamp: Metal
- Cable Dimensions: Will accommodate cables up to .492" (12.5 mm O.D.)
- Assembly: No special tooling required.
