

Dual Slant Cellular Antennas

- 860 – 960 MHz
- Impedance: 50 Ω
- VSWR: 1.5:1
- Polarization: Dual Linear, $\pm 45^\circ$ Slant
- Either Type N or 7/16 DIN Connectors

Model number legend

Mounting

Wall and pole mounting options are supplied with each antenna. Optional mechanical downtilt brackets and other mounting kits are also available.

Other Wireless Communications Solutions

Huber+Suhner is well established as the global source for quality solutions for the requirements of wireless communications. In addition to cellular antennas, other solutions include: PCS antennas, lightning protectors, tower mount amplifiers, attenuators, terminations, power splitters, cable, cable assemblies and jumpers, as well as connectors and adapters.
