NFET

Section Organization: MOSFET Parametric Section is organized by ascending BVDSS (volts), followed by ascending ID (amps), and then by RDSon (ohms)

General Notes:

1. Information on contacting Microsemi Divisions can be obtained on the back cover of this catalog
2. RDS(on) when specified is at the rated ID.
3. For detailed RDS(on) and switching characteristics refer to the product datasheets by using the fax on demand system or contacting the Microsemi manufacturing division.
4. Datasheets can be obtained from Microsemi's Website or Fax on Demand System by specifying the Data Sheet ID

Fax On Demand (800) 713-4113
