

AMPINNERGY® Power Entry Cable Assembly, 8-wire/4-circuit (4-2-2), shared neutral, 50 feet

- Used to interface between manufactured wiring and other wiring systems, such as building wiring, fixture wiring, or access floor module wiring
- Mates to line connector cable assemblies, power junction boxes, power distribution modules (PDMs), zone distribution modules (ZDBs) and power transition units (PTUs)

Product Classification

Regional Availability	North America
Product Type	Power entry cable assembly
Product Brand	AMPINNERGY®
Product Series	AMPINNERGY

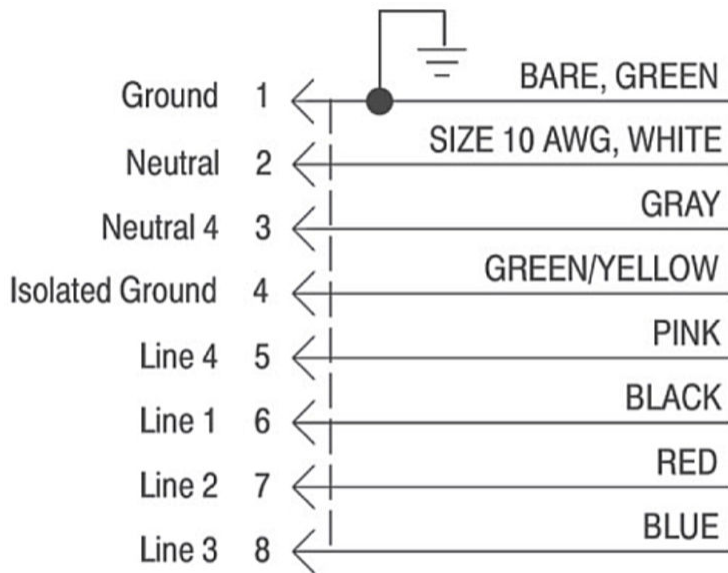

General Specifications

Application	Line entry connection
Construction Type	Corrugated hose
Interface, Connector A	Power male plug
Interface, Connector B	Unterminated
Neutral Type	Shared
Wiring	8-Wire/4 Circuit (4-2-2)

Dimensions

Cord Length	15.24 m 50 ft
Exposed Conductor Length	12 in 304.8 mm
Neutral Conductor Gauge, solid	10-12 AWG

Outline Drawing

Electrical Specifications

Current Rating, maximum	20 A
Voltage Rating, maximum	125 Vac 250 Vac

Environmental Specifications

Environmental Space	Indoor
Safety Standard	CEC 2015 CSA 22.2 NEC 2013 UL 1286 UL 183 UL 498

Packaging and Weights

Packaging quantity	1
Packaging Type	Bag
