

Pin-type Lithium-ion Battery

Super small and slim form factor expand new design possibilities for your products.

Features

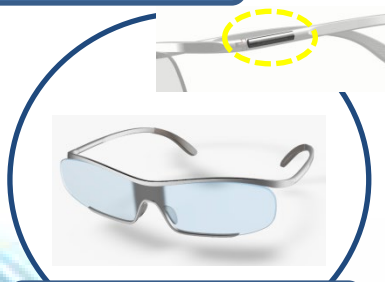

- 1) Super small and slim battery achieves not only stylish designs but also high output.
- 2) A high-strength stainless exterior case provides excellent safety and reliability.
- 3) Rapid charging makes your portable devices more user-friendly.

Specifications

Part Number		CG-320B	CG-420A	CG-425A
Size	Diameter(Max.)	3.65mm	4.7mm	4.7mm
	Height(Max.)	20mm	20mm	25mm
Weight		Approx. 0.5g	Approx. 0.8g	Approx. 1.0g
Typical Capacity		16mAh	23mAh	32mAh
Nominal Voltage		3.8V		
Maximum Charging Voltage		4.35V		
Maximum Continuous Discharging Current		30.0mA	44.0mA	60.0mA
Maximum Charging Current		11.2mA	66.0mA	90.0mA

Applications

Smart Glasses

Wristband Device

Stylus Pen
