

## 4-Way Power Splitter K7431358

### Reactive Splitter

### Description

Installation Equipment for Sencity Special Communication Antennas:  
4-Way Splitter 380-512 MHz  
For indoor and outdoor use

### Technical Data

#### Electrical Data

	Signal Band 1
Frequency	0.38 - 0.512 GHz
Insertion Loss	0.05 dB
Max. Composite Power	1000 W

	Input 1
Connector Type	7/16
Connector Gender	jack (female)

	Output 1	Output 2	Output 3	Output 4
Connector Type	7/16	7/16	7/16	7/16
Connector Gender	jack (female)	jack (female)	jack (female)	jack (female)

Char. impedance 50  $\Omega$

VSWR > 1.1

#### Mechanical Data

Dimensions 409 x 82 x 82 mm (Height x Width x Length)

Packing size (mm): 425x93x107

#### Environmental Data

Environmental conditions indoor/outdoor  
2011/65/EU (RoHS - including compliant  
2015/863 and 2017/2102)  
WEEE 2002/96/EC no special marking needed

Material:

Case: Aluminum

Inner conductor: Brass

Mounting:

Bracket for wall mounting included in the scope of supply. For mounting to tubular masts use clamps as listed below (order separately).
