

Itex ADSL recommendations

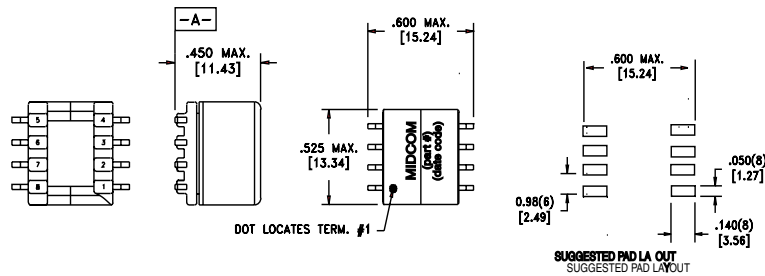

EP13 - SMD

EP13 - TH

EP10 - SMD

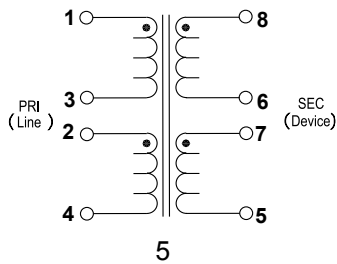

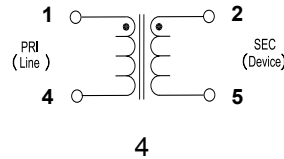

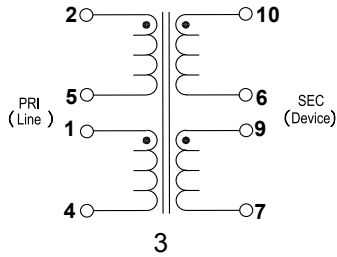

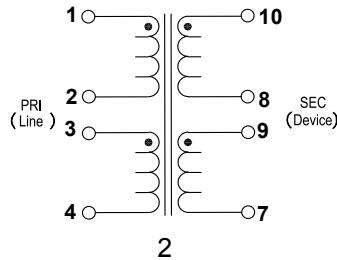

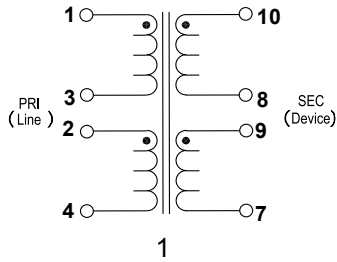

Part Number	Application	Safety Agency	Mechanicals	Schematic
50960R	CPE	IEC950	EP13 - SMD	1
50890	CPE	IEC950	EP13 - TH	2
50768R	CPE	UL1459	EP13 - SMD	1
50642	CPE	UL1459	EP13 - TH	3
50915R	I 80134	IEC950	EP10 - SMD	5
40131	POTS Inductor	-	EP13 - TH	4

Features

- Designs for both IEC950 and UL1459 requirements
- Compatible with Itex's chip sets
- Good total harmonic distortion characteristics
- Optimized design for size and performance
- Customization available
- Volume production and automated lines
- For IC manufacturer approval status, contact Midcom

(Schematics on the following page)

Itex ADSL recommendations (continued)

Features

- Designs for both IEC950 and UL1459 requirements
- Compatible with Itex's chip sets
- Good total harmonic distortion characteristics
- Optimized design for size and performance
